As with the opening day of the Season at Sha Tin, Happy Valley's seasonal start began the same with the first 3 races going to short-priced horses. Both EK's and CyberCap's **TOP 3 PICKS** in **R#4** placed and came back with a **HK\$ 775 return**. Things then became much harder with all Tierce prices for Races 5 through 8 ranging from HK\$4,000 to HK16,000! Fortunately **EK's LONG SHOT** Beautiful Dreamer **WON** in the **R#6** at a price of **HK\$ 173.50** and CyberCap found the **Tierce** at **HK\$ 9,981** with the **Q** paying **HK\$ 795**.

The beauty of Hong Kong is that it can only take one race right to make your day!!!
